

A3002RU WiFi schedule settings

It is suitable for : **N100RE, N150RT, N200RE, N210RE, N300RT, N302R Plus, A3002RU**

Application introduction:

Solution about how to control the time of surfing the Internet by wi-fi for TOTOLINK products. This document takes A3002RU as an example.

STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering http://192.168.0.1 into the address bar of your browser.

Note:

The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

STEP-2:

User Name and Password are required, by default both are **admin** in lowercase letter. Click **LOGIN**.
