

## N300RT(N100RE N200RE N150RT N151RT N301RT N302R Plus N302RE)Wireless SSID password settings

# It is suitable for : N100RE, N150RH, N150RT, N151RT, N200RE, N210RE, N300RT, N301RT , N300RH, N302R Plus

#### Application introduction:

The Wireless SSID and password are the basic information for you to connect Wi-Fi network. But sometimes you may forget or want to change them regularly, so here we will guide you how to check or modify the wireless SSID and password.

### Settings

#### STEP-1: Enter the setup interface

Open a browser, enter **192.168.0.1.** Input User Name and password (default **admin/admin**) on login management interface, as follows:

#### Note:

The default access address varies depending on the actual situation. Please find it on the bottom label of the product.
